SIMON SCHMITT — CURRICULUM VITÆ

Simon.Schmitt@unito.it

ACADEMIC CAREER

Since 2024 — **Lecturer for Logic**, Department of Philosophy, University of Salzburg

Since 2021 — **Ph.D. Candidate in Philosophy**, Center for Logic, Language, and Cognition (LLC), University of Turin
Topic: An Intermediate Position Between Generality Absolutism and its Application to Set Theory and Type-Free Theories of Truth. Supervisors: Andrea Iacona, Lorenzo Rossi. Expected Submission: December 2024

2022 — Visiting Ph.D. Student, Munich Center for Mathematical Philosophy (MCMP), University of Munich, Germany. Supervisor: Hannes Leitgeb

2021 — **Master's Degree in Logic and Philosophy of Science** (M.A.), Munich Center for Mathematical Philosophy (MCMP), University of Munich
Thesis: *Higher-Order Bicontextualism*. Supervisors: Lorenzo Rossi (First Reader), Hannes Leitgeb (Second Reader)
Grade Point Average (GPA) – 1.3 (on a scale of 1.0 (best) to 5.0)
Grade of the M.A. thesis – 1.0 (best possible grade)

2019 — **Bachelor's Degree in Philosophy** (B.A.), University of Heidelberg
Thesis: *An Argument Against the Set-Theoretic Multiverse*. Supervisors: Anton Friedrich Koch (First Reader), Oliver Schlaudt (Second Reader)
GPA – 1.1, Grade of the B.A. thesis – 1.0 (best possible grade)

AREA OF SPECIALIZATION

Logic, Higher-Order Logic, Philosophy of Mathematics, Philosophy of Set Theory, Theories of Truth, Philosophy of Language

PUBLICATIONS

1. A Kripkean Theory of Truth for Unrestricted Higher-Order Languages (under review, *Erkenntnis*)

2. Set-Theoretic Bicontextualism (under review, *Review of Symbolic Logic*)

3. Collapsing the Hierarchical Multiverse – A Reply to Çevik. (with Matteo de Ceglie, unde review, *Notre Dame Journal for Symbolic Logic*)

4. Contextualism in Set Theory (with Lorenzo Rossi and Chris Scambler, in preparation)

5. Unfolding Unfolding – A Constructivist Account to Potentialism. (with Martin Fischer and David Hoffmann, in preparation)

Jun 2022	Kripkean Satisfaction For Unrestricted Higher-Order Languages, Fino June Seminar, Genoa, Italy
Sep 2022	Kripkean Satisfaction For Unrestricted Higher-Order Languages, FilM-at4, Pavia, Italy
Okt 2022	Kripkean Satisfaction For Unrestricted Higher-Order Languages, Research Seminar, MCMP Munich, Germany
Nov 2022	Kripkean Satisfaction For Unrestricted Higher-Order Languages, Research Seminar, Konstanz, Germany
May 2023	Higher-Order Logic and Generality Absolutism, Guest Lecture in the seminar "Higher-order logics and their applications", Salzburg, Austria
May 2023	Set-Theoretic Bicontextualism, Fino Work in Progress Seminar, online
June 2023	Set-Theoretic Bicontextualism, Science & More Talks, University of Turin
Sept 2023	Set-Theoretic Bicontextualism, 1st Conference of the ESPM, King's College, London, UK
April 2024	Set-Theoretic Bicontextualism, Foundations of Mathematics, Truth, and Implicit Commitments (FOMTIC), Warsaw, Poland
April 2024	Set-Theoretic Bicontextualism, Fino Work in Progress Seminar, online
June 2024	Set-Theoretic Bicontextualism, Constructional Approaches in the Foundations of Mathematics and Philosophy Graduate Conference (C-FORS), Oslo, Norway
Feb 2025	Unfolding Unfolding – A Constructivist Account to Potentialism, Generality and Impredicativity, Milan, Invited Speaker

ADDITIONAL RESEARCH ACHIEVEMENTS

2021 – 2024	Doctoral Studentship of circa 60.000€ from the *Northwest Italy Philosophy PhD Program (FINO)*

TEACHING

WiSe 24-25	Logic for Philosophers 1, Propositional Logic (exercise class, 2h)
SoSe 25	Logic for Philosophers 2, Predicate Logic (lecture, 2h)
SoSe 25	Logic for Philosophers 2, Predicate Logic (exercise class, 2h)

SERVICE TO THE PROFESSION

Reviewer for Erkenntnis
